Dear Parents,

At Cedar Park School we have become aware of an emerging story regarding some schools in the area of our link school in Kenya.

I have contacted representatives of Amani UK, the link organisation we work through, and have raised concerns over the reports. It is not yet clear if the allegations being made concern any of the teaching staff at Kombaka. Amani UK will be monitoring the situation and will feedback any further information to us.

Whilst we currently have strong concerns for the school we hope that we can continue to support the children of Kombaka and work towards improving the school facilities further.
